

Raffaele Giuseppe Agostino (<https://orcid.org/0000-0002-5172-1866>, ResearcherID: AAS-7886-2020, Scopus Author ID: 7005749560, <https://www.researchgate.net/profile/Raffaele-Agostino> ), 57 years old, associate professor at the Department of Physics, University of Calabria, lecturer in experimental physics of matter, PhD in Physics of Matter. Prof. Agostino is the author of more than 110 peer-reviewed articles. He is involved in electronic spectroscopy and microscopy in the field of surface science and has gained specific experience in the chemical-physical characterization of materials and in the development of spectroscopic and microscopic investigation instrumentation.
